## IT Support Specialist

Calgary, Alberta | 587-973-9416 | ritikamalik1717@gmail.com | linkedin.com/in/ritikamalik1717

### PROFESSIONAL SUMMARY

---

Entry-level IT Support Specialist with hands-on experience resolving Windows login failures, Microsoft 365 and MFA access issues, and account/permissions problems, backed by a Software Development Diploma (SAIT, 3.5 GPA) and progress toward the Google IT Support Professional Certificate. Handled 15-20 first-line tickets per week as an IT Support Volunteer, with consistent documentation for escalation. Brings three years of high-pressure, customer-facing experience -- training staff, following SOPs, and communicating clearly with non-technical people -- directly transferable to service desk triage and support.

**Networking:** TCP/IP, DNS, DHCP, Wi-Fi, VPN troubleshooting

**Support Tools:** ServiceNow, Jira, Azure DevOps, Remote Desktop (RDP), ticketing & incident documentation

**Support Tasks:** Password resets, MFA troubleshooting, account provisioning, permissions validation, hardware/peripheral support

**Languages & Other:** Python, SQL, Git/GitHub, REST APIs

### IT SUPPORT EXPERIENCE

---

#### IT Support Volunteer -- SAIT IT Services

Calgary, AB | May 2024 - Aug 2024

- Resolved Windows login failures, MFA issues, and Microsoft 365 access problems for students and staff via walk-up, email, and chat.
- Validated user account setups, permissions, and access levels; performed password resets and account unlocks.
- Diagnosed and documented connectivity issues (Wi-Fi, VPN, DNS) for escalation, maintaining consistent documentation quality.
- Supported device setup and troubleshooting for laptops, printers, and peripherals across Windows/macOS.
- Handled 15-20 user issues per week during peak periods in an Agile-style workflow with daily prioritization.

### TECHNICAL PROJECTS

---

#### Software Developer -- Yemeni Village Capstone Project

Calgary, AB | May 2024 - Aug 2024

- Built and deployed a responsive restaurant website with live online reservations using React, Firebase, GitHub, and Vercel.
- Diagnosed and resolved front-end, integration, and deployment defects through systematic debugging and testing.
- Documented technical decisions throughout the project -- the same documentation discipline used in incident logs and knowledge-base articles.

### ADDITIONAL EXPERIENCE -- HOSPITALITY LEADERSHIP

---

#### Assistant Kitchen Manager / Line Cook

The Canadian Brewhouse & Cactus Club Cafe, Calgary, AB | Jun 2023 - Jun 2026

- Acted as first escalation point for a team, triaging issues by urgency and coordinating resolution -- the same prioritization model used in ticket queues.
- Trained and onboarded 20 employees on tools and procedures; rebuilt shift documentation, cutting recurring errors by 18%.
- Directed daily coordination for teams of 15-30, improving workflow efficiency by 12% through better resource allocation.
