

RITIKA MALIK

IT Support Specialist

Calgary, Alberta | 587-973-9416 | ritikamalik1717@gmail.com | linkedin.com/in/ritikamalik1717 | github.com/ritika17github

PROFESSIONAL SUMMARY

Entry-level IT Support Specialist with hands-on experience resolving Windows login failures, Microsoft 365 and MFA access issues, and account/permissions problems, backed by a Software Development Diploma (SAIT, 3.5 GPA). Currently completing the Google IT Support Professional Certificate to stay current with modern service desk practices. Handled 15-20 first-line tickets per week as an IT Support Volunteer, with consistent documentation for escalation, and brings three years of high-pressure, customer-facing leadership experience -- training and onboarding 20+ staff, cutting recurring documentation errors by 18%, and communicating clearly with non-technical people -- directly transferable to service desk triage and support.

TECHNICAL SKILLS

Systems & Directory: Windows 10/11, macOS, Microsoft 365 (Outlook, Teams, OneDrive, SharePoint), Active Directory, Microsoft Entra ID (Azure AD)

Networking: TCP/IP, DNS, DHCP, Wi-Fi, VPN troubleshooting

Support Tools: ServiceNow, Jira, Azure DevOps, Remote Desktop (RDP), ticketing & incident documentation, IT Service Management (ITSM)

Support Tasks: Password resets, MFA troubleshooting, account provisioning, permissions validation, hardware/peripheral support

Languages & Other: Python, SQL, Git/GitHub, REST APIs, React, Firebase, Software Testing

IT SUPPORT EXPERIENCE

IT Support Volunteer -- SAIT IT Services

Calgary, AB | May 2024 - Aug 2024

- Resolved Windows login failures, MFA issues, and Microsoft 365 access problems for students and staff via walk-up, email, and chat.
- Validated user account setups, permissions, and access levels; performed password resets and account unlocks.
- Diagnosed and documented connectivity issues (Wi-Fi, VPN, DNS) for escalation, maintaining consistent documentation quality.
- Supported device setup and troubleshooting for laptops, printers, and peripherals across Windows/macOS.

TECHNICAL PROJECTS

Software Developer -- Restaurant Operations Dashboard (Personal Project)

Calgary, AB | In Progress

- Building a full-stack dashboard (Python, Flask, React, Chart.js, SQLite) to centralize restaurant operations data -- orders, prep times, inventory, and staff assignments -- applying REST API design and troubleshooting practices relevant to IT support.

Software Developer -- Yemeni Village Capstone Project

Calgary, AB | May 2024 - Aug 2024

- Built and deployed a responsive restaurant website with live online reservations using React, Firebase, GitHub, and Vercel.
- Diagnosed and resolved front-end, integration, and deployment defects through systematic debugging and testing.

ADDITIONAL EXPERIENCE -- HOSPITALITY LEADERSHIP

Prep Cook

Moxies, Calgary, AB | May 2026 - Present

- Diagnosed and resolved recurring workflow bottlenecks across multiple stations, contributing to a 25% improvement in operational efficiency during peak periods.
- Maintained clear shift notes and handoff documentation, shortening issue-resolution time and improving consistency between teams -- the same handoff discipline used in shift-based service desks.

Line Cook

Cactus Club Cafe, Calgary, AB | Jan 2025 - Jun 2026

- Coordinated real-time priorities and status updates across a 20-30 person team during high-volume service, keeping stakeholders informed without disrupting workflow.

Line Cook / Assistant Kitchen Manager

The Canadian Brewhouse, Calgary, AB | Jun 2023 - Jan 2025

- Trained and onboarded 20 employees on tools and procedures; rebuilt shift documentation, cutting recurring errors by 18%.
- Acted as first escalation point for a team, triaging issues by urgency and coordinating resolution -- the same prioritization model used in ticket queues.

EDUCATION & CERTIFICATIONS

Software Development Diploma -- SAIT, Calgary, AB (2024), GPA 3.5

Google IT Support Professional Certificate -- In Progress (2026)
